

Our system is **stretched.**

We are calling on you to change this

The Child Safety and Youth Justice Systems are severely strained and in dire need of your attention.

We are calling upon you to write to the Premier and Minister - seeking that government commits to addressing the systemic issues impacting our system.

Our workforce is grappling with deep-rooted systemic issues that are crippling our ability to effectively serve the needs of children, young people, and families.

By investing in Child Safety and Youth Justice workers and improving their working conditions you will empower this critical workforce to make a profound and lasting impact in the lives of children, young people, and families they work with.
