Event starts 3:15pm. Leave at 2:30pm so you have time to get there.

You do this work short staffed, with vacancies nobody fills, carrying a workload that was never built for one person.

The Departments are still yet to move at the EB table on the claims that will deliver a brighter future for you and the community you serve.

On Friday, union members right across Queensland will stop work at the same time. Across the state union members will be going to MP offices to seek they take action to deliver for you and your colleagues.

We are stronger together.
